University Exam. Reg. No:

CERTIFICATE

This is to certify that this is a Bonafide record of the Practical work done and submitted
to Kerala Technological University in partial fulfillment for the award of the Master Of
Computer Applications is a record of the original research work done by ASHWIN ASHOK
in the MOBILE APPLICATION DEVELOPMENT Laboratory of the FederalInstitute
of Science and Technology during the academic year 2021-2022.

break;
tvResult.setText("Factorial of"+ " " + num1 + " = " + result);
```

Program 4. Develop a canvas to draw different shapes and to fill the shapes with different colors.

```
MainActivity.java
package com.example.shapes;
import androidx.appcompat.app.AppCompatActivity;
import android.os.Bundle;
// import android.support.v7.app.AppCompatActivity;
public class MainActivity extends AppCompatActivity {
@Override
protected void onCreate(Bundle savedInstanceState) {
super.onCreate(savedInstanceState);
setContentView(new com.example.shapes.custom(this));
custom.java
package com.example.shapes;
import android.content.Context;
import android.graphics.Canvas;
import android.graphics.Color;
import android.graphics.Paint;
import android.graphics.Rect;
import android.view.View;
public class custom extends View {
int x;
int y;
private Rect rectangle;
private Paint paint, p1,p2;
public custom(Context context) {
super(context);
x = 200;
y = 50:
int width = 800;
int height = 500;
rectangle = new Rect(x, y, width, height);
// create the Paint and set its color
paint = new Paint();
paint.setColor(Color.BLACK);
p1 = new Paint();
p2 = new Paint();
p1.setColor(Color.GREEN);
p2.setColor(Color.RED);
@Override
protected void onDraw(Canvas canvas) {
canvas.drawColor(Color.BLUE);
canvas.drawRect(rectangle, paint);
canvas.drawCircle(500, 200, 100, p1);
canvas.drawOval(500, 800, 100,650, p2);
```

Program 5. Create an application to show happy face smiley and sad face smiley to demonstrate button click events.

```
Activity_main.xml
